NEA MEMORANDUM No. 2005-026

To : ALL ELECTRIC COOPERATIVES (ECs)
Subject : FIRST SEMESTER 2005 EC CATEGORIZATION ADVISORY

Attached is a copy of the First Semester 2005 Categorization of ECs based on the revised criteria issued per NEA Memorandum of 29 December 2004. Only 83 ECs which complied with the submission of the June 2005 Monthly Financial and Statistical Report on or before 20 July 2005, are included in the evaluation. It is also worth mentioning that most ECs retrogressed in their categorization for not earning corresponding point scores on service reliability due to late or incomplete submission of reports.

We advise those with below standard ratings to focus on the areas where their performance ratings are weak to ensure the attainment of their 2005 targets. Those with high ratings are encouraged to continue to strive for excellence.

This advisory does not authorize any upward or downward benefits or incentives but is released as a fair notice to all ECs. The final and official category ratings of ECs shall be released First Quarter of the Year 2006.
