MEMORANDUM NO. 2007-014

TO : ALL ELECTRIC COOPERATIVES
ATTENTION : GENERAL MANAGERS
SUBJECT : BANTAY KURYENTE: OPLAN ZERO-OUTAGE

Advisories for 2007 Elections had been issued to ensure that Electric Cooperatives (ECs) are aptly supported in this important event in our nation's history. Our target is to ensure that power is uninterrupted, service delivery is reliable and people are assured of immediate response by ECs in case of power interruption or line trouble.

I know the ECs can do more than the above if they will set their mind, heart and hand to target a zero-outage goal. The ECs have been able to demonstrate their capability to reach a goal if they get focused, consolidate their actions and unite their workforce. As in Task Force Kapatid, the ECs produced an excellent job, which made them shine brightly, and be acknowledged by the people and communities who and which saw them work, and by the leaders whose only desire was to provide immediate power to their constituents. This is another opportunity for the ECs to shine and be counted.

NEA will closely monitor your performance during this Halalan 2007, and appropriately acknowledge and reward those which successfully achieved a zero-outage status.

Other reminders:

1. Please secure your facilities and installation like substations, feeders, and other properties by coordinating with the Philippine National Police and/or the Philippine Army as necessary, to support your own coop-contracted security guards.
2. Other than fax, call, or text election updates, another option is for ECs to report through these email addresses:

NEAELECTIONWATCH2007@yahoo.com

Electionwatch2007@nea.gov.ph

Let us all aim for another successful zero-outage May 14, 2007 elections.
