MEMORANDUM No. 2007-017

TO : ALL ELECTRIC COOPERATIVES

ATTENTION : GENERAL MANAGERS

SUBJECT : **GENERAL ADVISORY**

NEA has always upheld the time-honored principle of public office being a public trust. Its core values of Absolute Honesty, Maximum Efficiency and Total Solidarity remain strongly advocated and practised by its workforce.

This is to inform ECs that NEA does not, and will not tolerate any of its personnel, while still connected to it, to serve as agent of his own or any company, group or persons which or who are engaged in whatever kind of business with the ECs.

This advisory is issued to discourage any possibility of abuse of trust, and to protect NEA personnel from any wrong perception or misinformation of influence peddling and abuse of authority.

The ECs are encouraged to inform me, to inform us or give any feedback of any situation contrary to the above advisory. In so doing, NEA, the ECs and all other concerned stakeholders shall be amply protected.

Thank you very much for your full support and cooperation.
