MEMORANDUM No. 2009-010

TO : ALL EC GENERAL MANAGERS

SUBJECT : Year 2008 NEA Accomplishment Report

Year 2008 is another remarkable year for the Rural Electrification Program, the Electric Cooperatives (ECs) and this Office. There had been both achievements and challenges. All these have been attained because of strong determination and faithful compliance to the noble mandate of electrifying the countryside.

Inspired by these, we wish to share NEA's 2008 accomplishments captured in a 12 minute video presentation which includes highlights of the program; year milestones; and policies and programs that strengthened further NEA and EC partnership, and promoted sustainable operational efficiency, coupled with the commitment for service excellence.

This NEA video shall serve as an example to encourage and motivate each EC to have its own audio visual accomplishments presentation. The same can be shown during briefings, trainings/seminars, Annual General Assembly Meetings and other public and private gatherings. This, as well, shall be informative and inspiring to your officers and employees, thus achieving a deep sense of pride and fulfillment amongst them. You can do this by tasking one of your more able IT personnel to prepare your own presentation. Enclosed is the NEA CD for your reference and viewing.

For achievements of the past year, congratulations, and together, we look forward to a better Year 2009!

God bless, and more power!
