MEMORANDUM No. 2011-019

03 October 2011

**TO : ALL ELECTRIC COOPERATIVES (ECs)**  
**SUBJECT : Sitio Electrification and Barangay Line Enhancement Programs**

\*\*\*\*\*

His Excellency President Benigno S. Aquino III approved the Sitio Electrification and Barangay Line Enhancement Programs as part of his thrust of accelerating socio-economic development in the countryside. This was made possible through the intercession of Energy Secretary Jose Rene D. Almendras and the different legislators supportive of the rural electrification program.

As a result, the President approved the release of funds to support program implementation for Year 2011. Subsequent releases are expected as we progress based on NEA/EC targets and timelines. To facilitate project completion, the ECs may undertake the project implementation through any or combination of the following:

1. Force Account
2. Contract
3. Task Force Kapatid or "Bayanihan"
4. AFP Engineering Brigade

In case of construction by Force Account, Task Force Kapatid, and AFP Engineering Brigade, the cost of labor and overhead expenses (contingency) can be charged to these funds following strictly the Work Order Procedure.

In case of construction by Contract, cost of publication of bidding is chargeable to contingency component.

The ECs are likewise enjoined to strictly implement the provisions of the Memorandum of Agreement (MOA) between NEA and the EC, and adhere to COA rules and regulations.

For your guidance and compliance.
