March 22, 2012

MEMORANDUM No. 2012-007

TO : ALL ELECTRIC COOPERATIVES

SUBJECT : BARANGAY LINE ENHANCEMENT PROGRAM

The implementation of the Sitio Electrification Program (SEP) commenced with an initial subsidy release of P814.4 Million in September 2011, providing electricity to 1,520 sitios nationwide. Laterally to be implemented is the Barangay Line Enhancement Program (BLEP) which will have yearly allocations/subsidies for 2011-2015, roll-out of which will largely depend on the timely submittal of the required documents by the ECs.

Based on NEA's data base, there are 2,341 barangays for line enhancement. These barangays were either previously solarized or powered by small gensets. These systems have eventually proven to be unsustainable. For year 2011, we have programmed 202 barangays (see attached) to be funded by subsidy. In view thereof, we are advising the EC to submit its priority listing of barangays for line enhancement for succeeding years 2012-2015, including the estimated/evaluated costs. NEA needs these data in order to actively update the list and plan the implementation phase.

Please accomplish the attached format (BLEP/CP/Form 002) which shall serve as the EC's updated data base for BLEP and submit to NEA-Corporate Planning Office through couriers (hard copies) and e-mail (soft copies) at corplanreppdd@yahoo.com on or before 15 April 2012.

For strict compliance. Thank you.
