

Republic of the Philippines
National Electrification Administration

"The 1st Performance Governance System-Institutionalized National Government Agency"

3 April 2012

MEMORANDUM No. 2012-008

TO : ALL ELECTRIC COOPERATIVES (ECs)

SUBJECT : Calendar Year 2011 Categorization and Classification of ECs

.....

The Enhanced Categorization Criteria issued on 19 July 2011 was applied in the evaluation of ECs' 2011 performance with innovation on sitio energization criterion. In support of President Benigno Aquino III's project and in recognition of the ECs' performance during the last quarter of 2011 on Sitio Electrification Program (SEP), all ECs were uniformly granted five (5) points under this criterion. A comparison of the 2010 and 2011 performance level may not be precisely presented because of the difference in parameters used.

For 2011, the assessment reflected the following:

1. Category A+ was attained by 58 ECs while 9 were under Category E or non-complying.
2. System loss national average was further reduced to 11.87% from 12.33% in 2010. Seventy-three (73) ECs registered system loss within the cap of 13%, 28 of which were able to attain single digit performance level compared to the 23 in the previous year. CEBECO III and DIELCO remained to be at the elite 5% level of system loss.
3. The 100% collection efficiency level was attained by 23 ECs while additional 56 posted performance within the NEA standard of 95%. The national average collection efficiency was maintained at 95%.
4. Two (2) Regions (VII and CARAGA) were able to maintain their record of having all member ECs attain Category A+.
5. It is worth mentioning that despite operational challenges, LASURECO was able to transform from a perennial ailing EC through a devised holistic approach to the problems thus, gained attention and respect from other sectors.

On the classification of ECs, the number of Mega Large increased to 43. Four (4) Extra Large ECs improved to Mega Large while two (2) improved from Large to Extra Large and one (1) retrogressed from Extra Large to Large. There are eight (8) Medium and five (5) Small Classification ECs.

In view of the implementation of the new set of Key Performance Standards (KPS) for performance year 2012, the 2011 Categorization shall be the last assessment using this method. All ECs are therefore advised to be more pro-active in order to meet this new set of established standards which are imperative to survive competition.

Finally, the attached result of the 2011 Categorization and Classification shall serve as basis for the upward and downward implementation of per diems and allowances which shall take effect 01 April 2012.

EDITA S. BUENO
