

28 April 2015

MEMORANDUM No. 2015-011

TO : ALL ELECTRIC COOPERATIVES
SUBJECT : Power Reliability on 03 May 2015

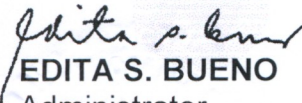

As the much-awaited Pacquiao-Mayweather Bout, dubbed as the Fight of the Century draws near, all electric cooperatives (ECs) throughout the country are strongly urged to ensure availability of continuous power service on Sunday, 03 May 2015.

On that day, our countrymen are expected to watch and monitor this biggest fight of our national pride, Manny Pacquiao in theaters, restaurants, town halls, gymnasiums, residences, etc., and so the service reliability of electric cooperatives is much depended on by our people.

Further, please come up with a Contingency Plan and operationalize the same in case power interruption occurs at the date and time of the fight.

Let us show that ECs can be relied upon in supporting the power needs of our people, as we unite to support Manny Pacquiao.

For immediate compliance.
