MEMORANDUM NO. 2023-59

TO : ALL ELECTRIC COOPERATIVES (ECs)

Attention : ISD/MSD Managers

SUBJECT : Enhanced Template for Barangay Energization Matrix (BEM)

DATE : DEC 15 2023

As a continuing process to strengthen and improve the Barangay Energization Matrix (BEM) as a vital reference for the target of total electrification (Memorandum to ECs No. 2022-53), the BEM template is hereby enhanced to address the following:

1. Harmonization of the Connections DET as uploaded in the NEA-Business Intelligence Technology (NEA-BIT) and BEM.
2. Identification of electrification solutions implemented to energize each barangay.
3. Identification of barangays with low level of electrification for possible prioritization and funding allocation.
4. Management of the Approved Policy on the System Implementation of the Barangay Energization Matrix (BEM) dated October 24, 2023.

Beginning **January 2024**, all ECs are encouraged to adopt the enhanced template and the projected number of potential connections in accordance with Memorandum to ECs No. 2023-58. As contained in the Policy Guidelines for the Annual EC Overall Performance Assessment (Memorandum to ECs No. 2023-21), the submission of BEM is one of the parameters under Level of Electrification.

The enhanced BEM template is now available and can be downloaded through <https://tinyurl.com/22kxau28>.

For assistance and other concerns, please contact Mr. Jovani B. Lagon at CP/Viber No. 0961-5953761 or through email at neadmpcd@yahoo.com.

For strict compliance.
