

27 August 2013

MEMORANDUM No. 2013-017

TO : ALL ELECTRIC COOPERATIVES (ECs)

SUBJECT : Energization of the 10 Millionth Consumer Connection

Certainly, year 2013 shall be another milestone year for the Rural Electrification Program. The 10 millionth consumer connection shall be energized any day from now. And so our exciting countdown begin as we have experienced in similar undertakings in the past.

Most recently, our efforts on this task was given recognition by no less than the President, His Excellency Benigno S. Aquino III during the switch-on ceremonies of the 9 millionth consumer connection done by Cagayan II Electric Cooperative, Inc. (CAGELCO II) in August 2011. Only two (2) years thereafter we are set to light up the 10 millionth connection. The short period of attaining another million connection is attributable mainly to the Sitio Electrification Program (SEP) that we are pursuing under the Aquino administration.

Thus, ECs are encouraged to submit their Status of Energization earlier so that we can realize the milestone before the end of the 3rd quarter, possibly August 2013 report. These must be submitted to the Information Technology and Communication Services Department (ITCSD) which shall receive and consolidate reports. The EC that shall be able to submit report hitting the 10 millionth consumer connection, as identified by ITCSD shall be declared as the one which directly contributed to the achievement of the milestone. Accordingly, the EC, in consultation with NEA, shall subsequently identify the specific household which will be selected as the 10 millionth consumer connection.

Finally, we congratulate our partner ECs for their contributions for the attainment of this memorable achievement which shall surely become part of the annals of the Rural Electrification Program. What better way can we show our concern for our countrymen in the rural areas than to light up their homes that shall surely change their lives for the better.
