ADVISORY TO ALL ELECTRIC COOPERATIVES (ECs)

SUBJECT : NUMBER OF HOUSEHOLDS IN THE PHILIPPINES

The Philippine Statistics Authority (PSA) has released the results of the 2015 Census of Population and Households in the Philippines.

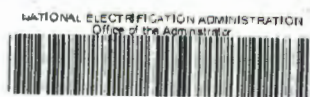

We encourage all ECs to be guided by the said census results as solid basis in determining their updated number of potential connections beginning January 2017. This will allow NEA and the ECs to have synchronized and reliable records/reports on the level of accomplishments and targets.

The 2015 Census of Population and Households can be downloaded from the NEA website (www.nea.gov.ph). We also included the estimated regional growth rates to facilitate projection for the yearly increase of the potential connections until the next census year.

For clarification and questions, please contact the Database Management and Program Control Division (DMPCD) at telephone number (02)9280326 or via email at neadmpcd@yahoo.com.

For your guidance.
