ADVISORY

13 March 2017

The national movement of electricity consumers in the country, through its lead convener, the National Center of Electric Cooperative Consumers, Inc. (NCECCO) is holding its 1st National Summit of Electric Consumers at the Auditorium, Tagum City, Davao del Norte on April 26, 2017. It carries the Theme: *NCECCO: An Electric Consumers Movement for Change*.

On its launching through the National Summit, NCECCO endeavors to gather about 5,000 members, consumers and stakeholders from the respective franchises of the Electric Cooperatives (ECs) all over the country to address urgent and strategic issues confronting the electricity consumers. It is also NCECCO's concrete support to the national call for the empowerment of the power consumers, particularly in answer and support to President Rodrigo Roa Duterte's pronouncements on anti-oligarch and anti-elite control of the power industry.

Towards this end, and as per request of NCECCO, the undersigned strongly encourage all Electric Cooperative (EC) Leaders, Officers and Member-Consumer-Owners (MCOs) to participate in the said event. This comes with the firm belief that it is through collective action that the MCOs will be better equipped to pursue the ideals and aspirations of an empowered consumer sector, indicative of the success of the Rural Electrification Program of the government.

Through the *National Summit of Electric Consumers*, power stakeholders can renew the commitment to pursue sustainable development through rural electrification and contribute in improving the lives of the Filipino people.
