ADVISORY TO ALL ELECTRIC COOPERATIVES (ECs)

**SUBJECT : COVERAGE AREAS OF ELECTRIC COOPERATIVES
(Cities/Municipalities, Barangays, Sitios, Connections)**

In preparation for the operation and successful implementation of the NEA Web Portal and Business Intelligence and to come up with a synchronized data on the status of energization, we are providing you a copy of NEA's summary of EC's coverage areas in terms of cities/municipalities, barangays, sitios and connections which can be downloaded from the NEA website (www.nea.gov.ph).

The number of municipalities/cities and barangays are based on the issuances from the Philippine Statistics Authority (PSA) as of December 2016 while the number of potential connections is based on the 2015 Census of Population and Households. The number of potential sitios is based on ECs' submittals (in response to Memorandum No. 2006-015 dated May 24, 2006 and updates submitted during the conduct of sitio summits) and requests for energization.

For clarification and questions, please contact the Database Management and Program Control Division/Information Technology and Communication Services Department (DMPCD/ITCSD) at telephone number (02)9280326 or via email at neadmpcd@yahoo.com.

For your guidance.
