ADVISORY

T O : ALL CONCERNED ELECTRIC COOPERATIVES (ECs)

SUBJECT : Submission of Data Entry Template (DET) for Sitio Electrification Program (SEP) & Barangay Line Enhancement Program (BLEP)

In accordance with the System Procedures in the Implementation of NEA-Business Intelligence Technology (NEA-BIT), the ECs shall submit the accomplished DETs for SEP & BLEP thru the NEA-BIT Web Portal every Thursday of the Month.

It has been observed however, that some ECs failed to comply with this requirement while other ECs discontinued the submission of the DETs upon completion of the construction of the distribution lines for sitios/barangays. Please be informed that the submission of DETs thru the NEA-BIT Web Portal is immediately required upon EC's receipt of initial fund from NEA. Likewise, in as much as NEA also monitors the energization of the funded projects, the ECs are requested to continually submit the updated/accomplished DETs until complete energization of the funded sitios/barangays.

Please be advised also that compliance with the required submission will be one of our basis in the issuance of Certification for EC's SEP/BLEP Accomplishment.

For compliance.

ARTIS NIKKIL D. TORTOLA

Deputy Administrator for Technical Services and
Oversight, Cluster on Total Electrification
