MEMORANDUM No. 2018-054

TO : ALL ELECTRIC COOPERATIVES (ECs)

SUBJECT : Request for Comments/Suggestions/Information on the One (1) Year Effectivity of the DOE-DPWH Joint Circular No. 1, Series of 2017

In accordance with Section 13 of the Joint Circular No. 01, Series of 2017 issued by the Department of Energy (DOE) and Department of Public Works and Highways (DPWH), the relocation of electrical facilities affected by the DPWH road widening projects shall be implemented within one (1) year upon the effectivity of the said Circular.

Accordingly, may we seek comments/suggestions or information from the Electric Cooperatives (ECs) if the prescribed period is sufficient to fully implement the relocation of these facilities.

Also, you may provide possible causes specific to your EC why the relocation project cannot be implemented before the deadline thereby justifying the necessity of the extension of the prescribed one-year period of the joint circular.

Your immediate response is very important so that the proper coordination with the DOE and DPWH will be undertaken to address this matter.

Thank you.
