TOTAL	81,500,000																														
2	Contracted Capacity	We suggest to revert to CRF + O&M based on Php/kW/mo. Kindly confirm final decision.	Pure Energy-Based Price																												
3	Contracted Energy	Please provide PELCO I's daily load profile for the past twelve (12) months in Excel format	Provided already																												
4	Contract Duration	If the target delivery date is moved, do we also extend the contract to complete the ten-year supply?	120 months from Month 1 (actual delivery month)																												
5	Target Delivery Date																														

6	Tariff Structure	To clarify, this would be translated to Php/kWh. But the tariff structure would still be CRF + FO&M + VO&M + fuel*?	Pure Energy Based Price, but show the breakdown of prices as per DOE, NEA and ERC requirements
7	Outage Allowance	(a) Since we will provide Replacement Power, what is the purpose of Outage Allowance? Does this pertain to the times wherein the contracted plant cannot physically deliver the supply? (b) If the supplier's plant is operational but capability is low, can it be considered part of unscheduled OA?	(a) Supplier will provide replacement power, (b) No
8	Force Majeure	- - -	- - -
9	Replacement Power	Please clarify if replacement power can come from a RE plant but not necessarily an RE-eligible plant	Replacement power can come from a RE plant but not necessarily an Eligible RE plant, however should the supply from Eligible RE plant is insufficient, Supplier will provide the required RECs.
10	Currency	- - -	- - -
11	Regulatory Approvals	(a) Can PELCO I change the term wherein if there is a downward rate adjustment as directed by the ERC, the Customer and Supplier will enter into negotiation for a specified period (PELCO I to specify) but a walk away provision should be included? (b) If ERC adjusts the rate upward, this will not be a ground for termination as well? (c) We understand that the contract will commence upon issuance of the Provisional Authority (PA) by the ERC. Will we extend the contract duration if PA issuance is delayed?	(a) Offer a competitive and reasonable price, (b) ERC will approve whichever is lower, (c) 120 months from actual delivery month
12	Source of Power	- - -	- - -
13	Eligibility Requirements	Suggest to revise as "partnership or consortium" for consistency with the requirements under "Legal Documents" #11	Already revised
14	Billing Metering Points	- - -	- - -
15	Security Deposit	Please clarify that this refers to the deposit to be set-up by PELCO to winning bidder	This refers to the deposit to be set-up by PELCO I to winning bidder

16	Reduction in Contracted Capacity	(a) Will this be pro-rated per supplier? (b) Kindly provide the formula or methodology for the computation of reduction in Contracted Capacity	(a) Pro-rated per supplier, (b) Based on energy volume
17	Nomination Protocol	(a) If day-ahead nominations are non-binding, what will be the basis? We suggest that day-ahead nominations be the basis, please confirm. (b) If PELCO submits a revised nomination due to unscheduled outages, what report will PELCO submit as proof (i.e. report from NGCP)? (c) What is the expected timeline from nomination to declaration?	Already answered by Supplemental No. 5, No nomination. Supplier shall provide the generated and allocated energy to PELCO I.
18	Application Process with the ERC	---	---
19	Rate Review / Repricing	What will be the basis for the repricing?	Negotiation on the 5th year of the Contract. Price will be based from Average LWAP for past 3 years at PELCO I trading node
20	Line Rental	Please confirm if the bidder will be disqualified if it did not put an LR cap.	Put LR fixed charge
21	Penalties	---	---
22	Grounds for Termination	Does the event of default apply to both the supplier and PELCO I?	Yes
23	Others	How will PELCO I evaluate the offer? Please specify if there are additional terms which will "add points" to the bidder such as Prompt Payment Discount. Kindly specify all possible considerations which may be added so that bid comparison will be apples to apples and clarify that other additions apart from the ones provided by PELCO will not be considered as part of the evaluation.	Based on 10 years LCOE, rate impact simulation and analysis, and other legal, technical and financial matters
